

Detailed Map

Entering the WCC Lot

From the East on Rte. 16: You must be in the right lane. The entrance to the parking lot is a hard right turn about 20 feet before a right turn onto the Rte. 9 west on-ramp. If you mistakenly take the turn onto the on-ramp, proceed onto Rte. 9 west about 1/4th mile and get off the first exit, Cliff Road (it comes up abruptly), go left onto Cliff Road and this takes you back to Rte.16 (go left).

From the West on Rte. 16: The left turn into the WCC driveway is difficult. We suggest you drive past it and the Wellesley Hills Branch Library and take 2 well-signed right turns onto an exit ramp from Rte 9. Stay to the right and there is a light at the end of the ramp that leads directly into the WCC driveway.

From Rte. 9 going West: Get off at the ramp for Rte. 16. Stay in the right lane of the off-ramp. There is a light at the end of the ramp which leads directly to the WCC driveway.

Exiting the WCC Lot

There are three ways to exit the WCC lot:

1. The main way is to exit via the same driveway that you entered. There is a light at the end of the driveway that permits left and right turns.
2. There is an exit to the Rte. 9 West on-ramp. You must turn right at the end of this exit since the on-ramp is a one-way road. If you mistakenly take this exit, proceed about ¼ mile on Rte. 9 west to the Cliff Road exit ramp. Turn left and this takes you back to Rte. 16.
3. There is an exit at the back of the lot that leads into the Wellesley Hills Congregational Church's parking lot and thence to Rte. 16.
